Dictionary of Asian Mythology:

20 of 21 review helpful Nothing Really New By A Customer The cover of this book pretty much explains its content Despite its claims of creating a reference guide that spans all the major characters and themes in the asian mythosphere it falls way short in its balance of information This book basically covers the traditions of India China and Japan while just glancing at other mythologies However even the most fundame Meet the supreme Gautama Buddha the elephant headed Hindu god Ganesa and Chang O the Lunar Toad who is Chinese goddess of the Moon Journey to the sacred Cambodian ruins of Angkor and golden Mount Meru home of the Hindu gods Discover myths like the Stone and the Banana of Indonesian origin and the Indian Churning of the Ocean of Milk and explore archetypal themes such as the hero quest sacrifice and descent to the underworld Myth expert David Leeming plumbs the From Library Journal Designed for nonspecialists and students this concise dictionary references the mythologies of India China Tibet Central and Southeast Asia and Japan The authoritative text is clearly written thorough in coverage and stylistically di
