Almanack: A Book of Days:

0 of 0 review helpful Lovely Book By Ginny My husband gave me this book because I am a gardener and I love it It is chock full of interesting information about the seasons flowers and herbs and is filled with quotations Did you know that red herrings or garlic could rid your garden of moles or that rosemary is supposed to make the heart merry and drive fantasies from the brain Or when is the best time to start a beehive Martin Hoyles a lecturer and gardener of 20 years draws on the wit and wisdom of over four centuries of almanacks herbals and gardening books to provide this collection of advice and inspiration for all gardeners There are quotations for every day of the year fro Beautifully produced there is a lot of fun to be had in this inexpensive book Hartford Courant
