1 of 1 review helpful Beautiful but no Machu Picchu By Greg Rodgers This is a beautiful book and well worth the money but I was inspired to research more about the Incas after a visit to Machu Picchu in Peru The large book barely dedicates 2 pages to the site which was a little disappointing It does go into amazing detail about the Incas as a race

and I highly recommend it to anyone preparing to visit South America The awe inspiring history legends myths and culture of the Inca empire and the Inca empire and the peoples of the sun
