3 of 3 review helpful A good resource for world design By Ryan Hardy As an RPG gamer a lot of the games I have

played have a lot of names from myths and most of them are from places After looking up the items that I have hear in a lot of games I learned a good deal to work with in building my own game worlds to present to my players to play One of the best things about world design is talking info about a place and using The heavens and hells of the world s religions and the far far away legends cannot be seen or visited but they remain an integral part of culture and history This encyclopedia catalogs more than 800 imaginary and mythological lands from all over the world including fairy realms settings from Arthurian lore and kingdoms found in fairy tales and political and philosophical works including Sir Thomas More s Utopia and Plato s Atlantis From al A raf the limbo of I elegantly produced and clearly presented This is a well defined encyclopedia and well compiled Reference s well researched The Portolan About the Author Theresa Bane a professional vampirologist h
