3 of 3 review helpful Excellent Resource By victus The way in which this book corresponds deities across pantheons is very helpful in creating holistic concepts The book is far more comprehensive than most you will find and definitely belongs in a library research and resource area the books you usually can t check out 0 of 0 review helpful I am

incredibly pleased By Cu Throughout history humans have pondered the question of their existence In nearly every society part of the answer has included some form of god or goddess who was involved in the creation of their universe or controlled some aspect of it For the Mayans one such deity was Ajtzak who tried to create humans from wood for the Yorubas of Africa Shango was the storm god who controlled the thunder and lightning The Chinese of the Shang dynasty era worshipped Shang Ti From Library Journal Though Coulter a novelist and engineer and Turner a writer and researcher never actually define the parameters of ancient the scope of this encyclopedia is broad enough to cover any expectations engendered by that term Each entry ide
