0 of 0 review helpful Premier Reference Work Cheapest Imaginable Binding By PLB Great book invaluable amount of data and history first rate research on a subject where it is difficult to find any information I own the first seven volumes and use them regularly prior to purchasing any banknotes The problem and the reason for the one star rating

is the incredibly weak binding I ordered two books from different sellers The Whitman Encyclopedia of Obsolete Paper Money is a multiple volume study of currency issued by American banks from 1782 to 1866 before the modern era of National Banks and the Federal Reserve nbsp In volume 2 the ldquo Dean of American Numismatics rdquo Q David Bowers has compiled decades of research from 18th and 19th century bank reports contemporary newspapers and other primary sources nbsp He gives the history of every town
