7 of 7 review helpful A Gift By Acquafortis As in the pure style of the Goddess world where all is interconnected and nothing is separate this book came when I needed it most It came just as I was painfully surrendering to what I perceived as a call from the Goddess and preparing to quit my corporate job I read this book in that magical period in between eclipses where time as we perceive it does not follow lquo n Explore the resurgence of magical and shamanic healing in the world today Recovering from disease pain and mental illness often means addressing otherworldly causes such as soul loss soul fragmentation or invasive spirits Interviewing modern shamanic practitioners and sharing her own experiences as a psychotherapist and healer author J A Kent PhD shows how ritual practice and mystical experience can be used as tools to foster profound spiritual and psycholo About the Author J A Kent PhD Sydney Australia has practiced and taught High Magic and Wicca and has taught university courses in the fields of educational and developmental psychology She has degrees in teaching a post graduate degree
