2 of 2 review helpful The manual is good but can t beat the factory manual By Thomas Savage This manual is good

and I used it quite a bit until I found a factory manual They are still around Both originals and factory reproductions are available for all of the two cylinders if you look I would also recommend buying a factory parts manual They are excellent and the way they are compiled they are very helpful when try Models 520 530 620 630 720 730
