2 of 3 review helpful A bit too much of everything and not enough of something By Breck Breckenridge On the basis of the only review until now I bought this book It is useless to me and I had thought it would be just what I was looking for I mis interpreted what the previous reviewer was saying about this book Only about 1 8th of the book is devoted to particular species of indoor plants and the other 7 8ths of the boo sm Quarto Pictorial Hardcover covers 1980 PP 902
