1 of 1 review helpful Very cute fun By E S S It was very cute and had a lot of really fun things in it I gave it as a wedding present to a couple of Texans who live on a ranch and they got a big kick out of it And most of the recipes were things you would actually like to make I think of this as a perfect idea for a gift book so I gave three stars only because when I ordered it I d hoped it would be a b More than a cookbook this is a romantic celebration of cowboy style with poetry anecdotes and colorful western art These 15 menus reflect the cross bred ethnic traditions of modern ranch cooking which tempers the hearty foods of the past with the healthier fare of today including leafy salads broiled

vegetables and fiber conscious muffins
