17 of 17 review helpful Tropical Gardeners Bible By Renee Thorpe Written for Malaysia this book skimps on very

little when it comes to tropical gardening Writer acknowledges that Malaysia s seasons Hot Wet and Hot Very Wet are not necessarily the same as say Indonesia s or Hawaii s Therefore the section on cacti and succulents is a bit scant And I wished for a little more variety in palms What nearly make An enormous encyclopedia of tropical gardening that will be of interest not only to gardeners in tropical and subtropical areas but also to greenhouse enthusiasts everywhere Included are detailed illustrated listings of herbaceous plants shrubs and climbers trees and palms foliage plants and orchids Although written specifically for the tropical climate of Malaysia the book is also useful for the less steamy conditions of Hawaii south Florida and southern Calif This book was originally written for the Malaysian gardener which gives it a unique cachet as it allows the reader to get tips and tricks from across the globe American Homeowner Magazine September 17 2001
