0 of 0 review helpful Another Toomey winner By trishaa Mary K Toomey is royalty in the Clematis world as she has

worked with experimented with and grown clematis most of her life In this AN ILLUSTRATED ENCYCLOPEDIA OF CLEMATIS she graciously shares her experiences in scouting out new cultivars and growing them in her own gardens The many beautifully colored photographs are worth the cost of the book alone but she has a With more than 800 Clematis species and cultivated varieties from which to choose gardeners and growers have been inundated with options Even more frustrating for some has been the absence of a single comprehensive reference with which to identify the numerous cultivars This new volume written by distinguished clematis experts and backed by the authority of the British Clematis Society is the first picture encyclopedia on the genus to encompass the garden worthy spe From Booklist Climbing scrambling clematis are among the most desirable vines for gardens from showy cultivars with huge flowers to vigorous species producing fluffy seedheads that outshine their blooms Experie
