2 of 2 review helpful Expansive Book By Bill This is a wonderful book about lilacs I had looked for it for a number of years and finally located it on line The book lists most everything that you would want to know about growing lilacs It certainly answered questions I had about why my lilacs weren t producing like I had hoped 0 of 0 review helpful Five

Stars By George P Father John L Fiala devoted 10 years to this book a unique treatise that is both a scholarly monograph and a personal tribute to the beauty of lilacs Since going out of print it has become almost impossible to obtain at a reasonable price Sometime in the future a revision and expansion of his work will appear but in the meantime we have released this facsimile paperback reprint in response to extraordinary demand It includes the 398 color photographs from the firs His exuberant affection for both gardeners and lilacs and his authoritative voice make this tome of information a kind of intimate learned travel guide through the heady world of lilacs mdash Anne Raver New York Times January 18 2002
