people are trying to be smarter every day Gardening with Perennials Month by Month:

2 of 2 review helpful BEST BOOK on Perennials EVER By Mina W Otis As a Professional Landscape Designer I needed a quick thorough friendly experienced guide to the almost overwhelming variety of perennials suited to Massachusetts gardeners THIS IS IT It was then 1990 2000 and it still is now we ve moved to the South Coast where my 40 years inland experience were not sufficient to meet the New Opportunities now When first published nearly 30 years ago Gardening with Perennials Month by Month sparked a renaissance of perennial plants in American gardens a trend that continues to this day The revised and expanded second edition describes the monthly blooming schedules and growing requirements of virtually every type of garden perennial Over 700 species are documented with over 400 lavish color photos Providing a wealth of practical information to both the amateur and the pr A classic for those who design perennial gardens Considered a classic in American garden literature An especially informative book for the flower gardener This is one book that most gardeners would welcome in their library
