By Yvonne Cave, Jennifer Trehane, Jim Rolfe : Camellias: The Gardener's Encyclopedia camellias has 5 ratings and 1 review for decades large swathes of the united states and europe believed camellias to be altogether too tender for garden browse and read camellias the gardener apos s encyclopedia camellias the gardener apos s encyclopedia when writing can Camellias: The Gardener's Encyclopedia:

1 of 1 review helpful and not bad as a reference By Elizabeth C Neely It s gorgeous and not bad as a reference Camellias and sasanquas are being bred pretty fast these days so this is more of the older varieties It s a nice coffee table book with good descriptions and write ups for each variety including a bit of history 1 of 1 review helpful An

expert reference work and well illustrated For decades large swathes of the United States and Europe believed camellias to be altogether too tender for garden use their exquisite blooms in pure colors giving the impression that they were too rarified and delicate to tangle with Today few gardens are without their share of camellias This encyclopedia is a comprehensive one stop reference for camellia enthusiasts at all levels It provides information on how to grow and care for camellias as well All levels of gardener will welcome Jim Rolfe and Yvonne Cave s Camellias mdash Bookwatch January 2005
