4 of 5 review helpful Missing idea photos By Joe the Nurse I got this as a gift for my sister The backyard in her new house tends to flood during summer rains It was great in the sense that it had a ton of plants that would work well in

wet areas However it was very much like an encyclopedia just showing one plant and description per page or so I was disappointed that it barely included any ideas photos with comp Water is usually a gardener s friend bringing lush plant growth and the sensory delights of fountains streams and ponds But even gardeners can have too much of a good thing and excess water can be hostile to plant life Fortunately John Simmons comes to the rescue with the definitive guide to managing a variety of wet garden sites Managing the Wet Garden dares gardeners to consider excess water an opportunity to cultivate an unexpectedly lar ldquo Though Simmons is writing about his experience with wet gardening in England his information and advice are applicable to those wishing to establish maintain and enjoy wet gardens anywhere rdquo nbsp mdash Choice ld
