0 of 0 review helpful An Oldie and in some ways still a Goodie By Mary S Like other reviewers I was delighted to see this book available in a new edition I d lost my original copy years ago I think I loaned it to somebody and I really missed it I got it just in time for spring planting vegetables and perennials By and large the information was as I remembered it helpful and to the point But while I am willing t Providing guidance on a wide range of garden types from small backyard plots to country acreage an in depth reference offers straightforward information on such topics as plants pest control fertilizer and environmental awareness 100 000 first printing
