review by quot;journal of social historyquot;; sociology and Myth, Memory, and the Making of the American Landscape:

1 of 1 review helpful A Hodge Podge of a Book but with some Interesting Essays By Roger D Launius This is a unique collection of essays on various aspects of public memory The editor University of Maryland professor Paul A Shackel focuses on three major areas in this collection The first is the obvious idea that when a specific historic site museum plaque presentation etc focuses on a specific story that there Penetrating insight into the processes by which our collective historical memory is constructed Through a range of case studies the authors explore how and why certain landscapes and monuments are intentionally endowed with specific messages why certain stories are obscured or forgotten and how collective memories change over time James Delle Franklin and Marshall College Myth Memory and the Making of the American Landscape clearly demonstrates the power of memory and historical fact in shaping contemporary society and politics In so doing it illustrates the importance of seeking out the multiple histories that surround
