1 of 1 review helpful Worth the purchase By Tyche Dr Guiley delivers a spectacular book once more as she did with the Encyclopedia of Ghosts and Spirits This large book focuses largely on vampires including vampire movies with

plots and cast information but also reviews werewolves vampire like spirits and all manner of undead and shape shifters Dr Guiley digs deep into every culture unearthing legendary monsters fr Monsters and shape shifters have always held a special fascination in mythologies legends and folklore the world over These beings are part human but under certain conditions transform into formidable creatures that prey upon humans and animals Interest in these creatures vampires among them remains continually strong as illustrated by the success of numerous movies and books featuring them From ancient customs to famous cases of beasts and vampires to reflection From Publishers Weekly In this thorough compendium Guiley presents tales and beliefs from all over the world and from times ranging from far in the past to the present day The author of numerous similar reference works The Complete Vampire Companion etc an
