1 of 1 review helpful A Must Read for Marijuana Investors By The Brown Family We are now a nation close to legalizing cannabis Many of my MBA students are trying to determine the most profitable approach now and when business in this area becomes easier This book is excellent for genotyping the end product Any person considering entry into the nascent and still legally grey cannabis industry should read this book The Big Book of Buds Volume 2 continues in the tradition of its predecessor by combining stunning full color photography with fun and clear descriptions of the characteristics that any gardener or connoisseur wants to know With no strains repeated from

Volume 1 this second volume supplements the first Big Book of Buds with another 100 of the latest and greatest marijuana strains commercially available in the world today No other book brings together as mu
