3 of 3 review helpful Great book on dragon myth and history in lore By S Bergquist This is not a novel It is a well done work on the mythology and history of dragons It is not done as a D D kind of book but a pretty well researched

book on dragons As an artist I was looking for something with useful information and after a long and fruitless search I found it in this book I highly recommend it 2 of 2 review h A fantastic collection of draconic tradition Since the Bronze Age people have been fascinated enchanted and even frightened by tales of mystical dragons With this book you will unravel the history and mystery behind these serpentine beasts with folklore mythology and poetry from every tradition in the world From the Slavic Zmey Gorynych bearing its three fire breathing heads to J R R Tolkien s Smaug who laid entire towns to waste the thrilling About the Author Doug Niles is the author of fifty fantasy and science fiction books and more than 100 gaming adventures rulebooks and accessory products His work has helped shape the Dragonlance shared universe and set the stage for the
