1 of 1 review helpful Not as cutesy as it looks By Donna C See that blurb is a bit misleading but ultimately in a good way it s not as cutesy as it s made out to be Thanks to the likes of certain glittering vampire movies Karg s book is trying to cater to a particular female pubescent clientele that may or may not have an affinity for a particular shirtless werewolf of which she mentions constantly throughout the boo The good news is He rsquo s tall dark and handsome The bad news is He rsquo s short tempered a bit hairy and has a tendency to howl at the full moon Which makes bringing him home to meet mom and dad a bit difficult How do you expect him to meet the family when he rsquo s shedding on the furniture and sharpening his nails Will he have more in common with the family dog than you Will he leave you for a hairy hottie N About the Author Barb Karg Pacific Northwest is a veteran journalist author and screenwriter Author of The Girl rsquo s Guide to Vampires and The Everything Vampire Book she rsquo s also authored or coauthored more than two dozen
