0 of 0 review helpful Very interesting Bought for an upper division folklore class By McTavish Very interesting  
Bought for an upper division folklore class Explore the stories and themes that capture the imagination of young  
people today A sampling of tales is organized into broad subject areas such as contaminated food threats to children  
and satanic legends and the tales are analyzed according to function structure and international variants De Vos also  
discusses film and literary adaptations and offers suggestions for adapting tales for the junior high and high school  
curriculum Explore the stories From School Library Journal Many of us have heard stories about reptiles surfacing in  
toilets or a young couple narrowly escaping attack by an escaped convict with a hook for a hand De Vos offers a  
scholarly yet entertaining compendium of these and other contem
