By Michael MacCaskey : Gardening for Dummies (For Dummies Series) shop for books; san francisco ca brr sustainable gardening for dummies dummies helps everyone be more knowledgeable buy gardening for dummies for dummies computertech on amazon free shipping on qualified orders Gardening for Dummies (For Dummies Series):

2 of 2 review helpful A dummy no more By Manda B As a self proclaimed dummy I could not keep any kind of plant alive Indoor or outdoor they all died As a last ditch effort I bought Gardening for Dummies The content is delivered in a clear concise manner that I was able to understand easily I guess you could say I was the target audience of this book The book helped me learn why I kept killing plants Organized into an easy to understand format this fun and friendly reference covers the basics of gardening from the tools and gear needed and where to buy them to the kinds of plants

vegetables and flowers available to how to create and plant a full fledged vegetable or flower garden Illustrations com Starting off with ultrabasics like how do I get my plants to live rather than die Gardening for Dummies is a terrific textbook for the novice gardener Explanations are laid out simply and all terms are defined as soon as they are first used
