1 of 1 review helpful Nostalgic Fun By Cam Davis This book reminds me of talking with my great grandmother and grandfather It s wise it s funny and if you re not careful you might learn something from the tales This book isn t going to tell you how to have the perfect organic garden It s not going to say anything about hardscaping or landscape architecture Instead this little volume is full of fun and insightful tidb As research has begun to show a surprising amount of gardening folklore is actually true Tips from the Old Gardeners offers hundreds of good ideas and a few not

so good ideas about what to plant and where to plant it which plants and animals will ward off garden pests and which plants can serve as homeopathic remedies plus quite a few belly laughs for contemporary gardeners If you want to know when to sow take your trousers off and sit on the ground About the Author Duncan Crosbie lives in Sussex England His degree is in history but his interests are varied and include classical music English literature and biography sports wildlife conservation and geology paleontology He has had a long career as a
