Wisdom and Know-how:

2 of 2 review helpful love the detailed sketches to help make thing myself By V S I m giving it 5 because I always seem to pick up some useful information from a book in this catagory I live basic life heat with firewood grow organic can store most all my food if possible repair or built what I need I was pleasantly surprised that it was in much better shape than I expected being used I have actually checked this Time honored advice from our greatest American farmers This classic volume the only one of its kind collects turn of the century wisdom on every aspect of farm and country life From the barn to the nursery nothing has been overlooked Divided into three parts that cover the land the homestead and leisure activities The Old Farmer s Encyclopedia offers handy advice on such matters as livestock barns and fences farm machinery manure blacksmithing beekeeping From the Back Cover This classic volume presents a comprehensive collection of farm and country wisdom and know how from the turn of the century a time when most farmers were still virtually self sufficient and had to know how to do everything on their own
