**By Maureen Gilmer : The Small Budget Gardener: All the Dirt on Saving Money in Your Garden**

26032016nbsp;gardening and growing your own food is supposed to save money you need enough plants for a small garden gardening on a budget beds and dirt starting a home vegetable garden this is true even if you live in an

apartment or only have a small porch all you can also save money and help your garden The Small Budget Gardener: All the Dirt on Saving Money in Your Garden:

2 of 2 review helpful Great book By jiggerun I first read this book through our local library I loved it and it has so much information that we had to have it for ourselves It had a lot of recipes and ideas about how to be green and planet friendly tips that our grandparents used to use that have been forgotten over the years And it was great to see that most of them are what I already have in my pantry or was decent With consumers seeking ways to do more with less money this book is a must have for gardening on a budget With helpful tips and advice gardeners can create beautiful healthy sustainable landscapes with recycled materials and limited resources Author Mauren Gilmer includes a chapter on food gardening and preserving precious resources About the Author Maureen Gilmer has risen to the top of gardening media in America through books television radio newspapers and the Internet She is the author of more than 15 gardening books and writes Yardsmart a national color newspaper column in it

### **how to start a home vegetable garden benefits and saving money**
