1 of 1 review helpful A great read for the middle of January By Marie S Bulgin This is a easy to read inspiring book

for gardeners who want a colorful garden all season long It has nice pictures that make you want to go out in the snow and start figuring out what to plant where I don t consider myself a novice gardener and I came away from this book with quite a few new ideas I definitely recommend it to anybody Your garden can be a kaleidoscope of color in every season Ask any gardener and they will tell you color is the most important and most fun part of garden design In The Nonstop Color Garden author Nellie Neal shows how to use color as an exciting element in your garden during all four seasons and it s not just flowers Year round color is possible by including trees shrubs and groundcovers that produce colorful berries and ba This is a great book for someone who needs some inspiration or who is getting started on designing their first garden Gardening Products
