Pocket Guide to Conifers (Timber Press Pocket Guides):

6 of 6 review helpful Poorly titled By Casey D Scarborough When I bought this book I purchased it with the assumption that I could use it to learn some local conifers a bit better however what I got far from what I expected I would like this book to an ordering catalog without prices instead of your typical field guide The pictures are very generic and there is almost zero identifying information Essentially Conifers are the perfect choice for groundcovers shrubs or trees in almost any garden Evergreen and always architecturally interesting they are also drought pest and disease resistant and rarely have any demanding cultivation needs The Timber Press Pocket Guide to Conifers is the perfect companion for anyone who needs a portable guide to conifer choices With everything you need to know to choose and grow just the right conifer this book is a great introduction to the diversity and beauty of these versatile plants The right first step for anyone contemplating the use of conifers is Choice The right first step for anyone contemp
