12 of 12 review helpful Great book full of unique ideas By Jayincharlotte I love this book Evelyn has an informal folksy way of writing that is engaging and fun The book is divided up into short chapters so it s a good one to pick up when you have just a few minutes between chores and appointments etc The examples are awesome and cover a wide variety of conditions zones and affinities These principles can be applied The hellstrip mdash also known as a boulevard meridian and planting strip mdash is finally getting the attention it deserves Gardeners everywhere are taking advantage of the space to add curb appeal to their homes expand the size of their gardens and nbps conserve

more resources nbsp Hellstrip Gardening nbsp is the first book to show you exactly how to reclaim these oft ignored spaces by determining nbsp the city and home owner s association rules c excellent book for an often forgotten horticultural contingent urban dwellers with only wee strips of dirt to work with a lively optimistic guide to transforming dead space into a small splash of Eden a win win for everybody Publishers Weekly
