Guides):

5 of 5 review helpful Just Magic By Rodja NZ Sally Gregson sure knows her onions sorry I mean Epimediums The author of this stunning book delivers a superb account of this genus What a delight to find a book so up to date on the species and hybrids Not only are 123 epimediums described but a clear photo accompanies each entry on a separate page The previous and current hybridizers are given lots of detail Epimediums may have delicate orchid like flowers but they are tough shade tolerant perennials that are incredibly low maintenance Their heart and arrow shaped foliage

changes colors with the seasons going from green to bronze as summer moves into fall nbsp The Plant Lover rsquo s Guide to Epimediums by nursery owner Sally Gregson features growing information for 126 commonly available varieties It also includes lists of plants for particular purposes From the Back Cover Epimediums are revered for their delicate flowers and dramatic foliage They thrive in leafy shady conditions and have a long season of interest from early spring to late summer Their phenomenal range of shapes sizes and hues makes t
