0 of 0 review helpful a nice addition to the set By Momto2 and sometimes the kid My 5th grade daughter says this one is also fun but said it had more jokes and less information than the Oh My Gods or the She s Al That books so we only gave it 4 stars But it s still a good book with fun facts and she said it was still worth reading and having She and her

friends have had a lot of fun with this entire series and it's nice Annotated illustrated Table of Contents Introduction explains the origins of mythology how we learned the stories and why myths matter today A Z Hall of Fame features the key characters in each book Full profiles of each character with their amazing myths Backmatter includes constellation chart glossary further reading and series index PLUS loads of illustrations photos charts and maps From Booklist Greek and Roman mythology is normally one of the easier sells for children full of proto superheroes nightmarish monsters and petty gods but to help lure those unswayed by classicism's allu
