1 of 1 review helpful Good inexpensive aid to help with the mystery of color mixing By J Creswell I found this quite helpful but there is one caveat Oil colors vary across different brands So a Winsor Newton burnt sienna for example

could have a very different tone than a Gamblin burnt sienna etc Those differences effect the outcome of mixes This book is only concerned with mixing Winsor Newton colors It g Providing nbsp a handy visual nbsp guide to more than 2 000 hues and shades this complete color reference reveals the 25 colors of paint that compose the most useful range of color The time saving guide takes the uncertainty out of mixing colors and enables artists to quickly and precisely match any tint they rsquo d like to reproduce with only two colors in the mix Intended for both amateur and professional artists this guide will prove invaluable in About the Author John Barber is a professional artist and designer He is the author of Acrylics Color Wheel Book Color Pencil Wheel Book Oil Paint Color Wheel Book Pastel Color Wheel Book and The Watercolor Wh
