1 of 1 review helpful Useful for research By Margaret C Ashline I found this book helpful in my research for restoring
a Victorian Edwardian Garden Pictures were great along with the lists of flowers popular during this era I think it
would have been even better if there had been multiple pictures of the same areas of the garden from different angles
to see the flow of the whole Historic Gardens is a new series of books covering the history of gardens from the
medieval period through to the outbreak of the First World War Beautifully illustrated in full colour these attractive
volumes provide an insight into the garden fashions of different periods and how garden design was influenced by the

social and economic developments of the time The focus is on the outdoor spaces of the common people as well as those of the well to do and an inform
