1 of 1 review helpful lots of illustrations step by step details and I guarantee you you ll learn many things you thought

you knew but didn't. By LL Pretty interesting and has all the details and steps for the basics and advanced. I learned quite a few things I thought I already knew but he knows more. Next one I want to purchase is extractions and edibles. And he also has a new one out this year supposed to be very advanced. This practical informative guide is packed with more than 700 full color illustrations and photographs detailing more than 150 affordable marijuana grow setups. Become an expert on grow rooms, feminized seeds, seedlings, cloning, mother plants, singling out male and female plants, early peak sinsemilla harvest, as well as manicuring, drying, and curing your crop for highest potency. Buy only the grow gear you need: hydroponics and soil, lights, CO2 meters, fans, and filters. Marijuana Grow Basics will provide patients and their caregiver/cultivators all the up-to-date and necessary information to engage in self-preservation and autonomy from the vagaries and dangers of the so-called black market. Allen St Pierre, executive director.
