0 of 1 review helpful Five Stars By Richard Everything I was hoping it would be Comprehensive without complication

The Community Orchards Handbook shows groups and individuals how to start their own community orchard from getting support tackling legal issues and access to organizing working parties and selling produce It gives suggestions on 'apple mapping' and saving local varieties and gives practical advice on planting harvesting and safeguarding an orchard It also includes a comprehensive resources section 'This wonderful book is an invaluable source of information for anyone interested in community locally produced food and preserving and planting orchards It is a must for anyone who cares about the
