Mysteries and Myths:

0 of 0 review helpful Five Stars By Inez Taylor Great book 0 of 0 review helpful Five Stars By margaret anne haskell
very good reading to learn about conflict 0 of 0 review helpful Human Energy By Timothy In truth the human body
radiates all sorts of energy at low levels The nervous system generates electromagnet This richly illustrated volume
will take readers on a marvellous journey into the unknown From Bigfoot to the Bermuda Triangle aliens to yetis

dowsing to the Da Vinci Code telepathy to Crossing Over Time will separate truth from rumour and fact from fantasy The book includes new scientific reports from worlds we are only beginning to understand including new findings on twins and telepathy mind and body studies and the surprising power of prayer From Booklist Although this book wasn't specifically published for young people teens are probably the best audience for this compendium of history's mysteries Offering more breadth than depth the book is good
