2 of 2 review helpful Good primer for those curious on what s going on in this corner By clevelandjunglist I had the chance to buy this on kindle as I was really trying to get my head around what magick was in respect to physics mind

over matter application etc My goal pretty much was to see just how much of it as similar to hallucinogen oriented commercial art would jump out at me in culture or in practice in the First published in 2003 Book of Lies was hailed as a 21st century grimoire and instantly became a cult classic Now reformatted for the next generation of magicians and all counterculture devotees it gathers an unprecedented cabal of occultists esoteric scholars and forward thinkers all curated by Disinformation s former wicked warlock Richard Metzger This compendium of the occult includes entries on topics as diverse and dangerous as Aleister Crow In the apparent derangement of our times this book is both a call to arms and a armory also Read on get tooled up get up there and start bending reality Grant Morrison From the Publisher Book of Lies T
