22 of 23 review helpful Something of a disappointment By J wensink After having read the first volume of this expected series of 7 volumes I was triggered by the thesis of these authors that ancient Greek and Roman history did in

fact take place in the Middle Ages So I started studying medieval history of the Middle East also known as Islamic history to find out if the opponents of the ancient Greeks and Romans the History Fiction or Science Chronology 2 is the second volume of the most explosive and astounding tractate on history ever written however every theory it contains no matter how unorthodox is backed by rock solid scientific data The book is easy and pleasant to read it is well illustrated contains hundreds of charts graphs and illustrations copies of ancient manuscripts and countless facts attesting to the falsity of the chronology used nowadays You will Antiquity proves be a complete Renaissance hoax hellip Timeline shredded compressed to barely 1000 years hellip True revolution in chronology of humankind New Magazine June 1 2005Antiquity proves to be a complete Renaissance hoax
