0 of 0 review helpful It s not perfect but it s closer than anything I know of By Maurice Read This is a must have reference for our house It and the Sunset Garden book It s also a lot of book for the price Botanica is the universal standard work for garden enthusiasts and botanists alike The collaboration of a team of international experts has

resulted in a reference work that illustrates the rich diversity of our flora with a myriad of indigenous and exotic plants. More than 10,000 genera and species from A for Abelia to Z for Zygopetalum are clearly presented in a well-organized manner. Richly illustrated with color detail and large format images, this botanical
