7 of 7 review helpful Great Ideas By Keep N It Real It is not that much different from many other similar books Every book I own like this one gives its own spin on intensive gardening and raised beds The configurations change but the ideas and methods stay pretty close to the same I do think if you are interested in self sustaining or having a ranch or farm that this would be a great book to pick up and read I use it Plan and plant a successful and sustainable backyard

farm mdash from a quarter acre to a full acre and beyond mdash right in your own backyard By raising and harvesting their own fruits vegetables chickens bees milk bearing animals and more people are growing locally sustainably and at a fraction of the cost Backyard Farming on an Acre More or Less is written by someone who has planned and run a successful small scale farm Angela England About the Author Angela England is a freelance writer who along with her husband and five children cultivates a 1 2 acre farm in their Oklahoma backyard where they manage to raise diary and meat goats keep enough chickens for eggs and free range poultry and
